

# Kipke for Delegate

---

## *The Family Values Candidate*

### **PRESS RELEASE**

**June, 7, 2006, Pasadena, MD** – Nic Kipke (R - Pasadena) filed today to seek election to the Maryland House of Delegates, district 31.

Kipke released the following statement:

“My seeking elected office is rooted in a lifelong commitment to community service. I am focused on the mainstream issues that affect day to day life, not just the hot button issues that make headlines. There needs to be a new generation sent to Annapolis who will make sound policy more important than political partisanship. Common-sense tells me that the citizens of Maryland are overtaxed, and I am committed to a Taxpayer’s Bill of Rights. Additionally, my first priority when elected is to support passage of the non-partisan Jessica’s Law, that creates mandatory 25 year prison sentences for child rapists. I have a passion for making a difference.”

Nic Kipke, a lifelong resident of Anne Arundel County currently serves on the county’s Drug & Alcohol Abuse Advisory Council, is an active member of Our Lady of the Chesapeake Church, and a political activist for issues related to children’s health & safety.

To date, one of the most outspoken supporters of Nic Kipke is Erik Robey, Vice Chairman of the Maryland Republican Party. In a recent statement of support Mr. Robey said, “I have had the pleasure of knowing and working with Nic Kipke for almost ten years. He is already an established leader in the Pasadena and Glen Burnie community and more importantly he is a strong Republican leader who the citizens of District 31 can trust to represent them in Annapolis. Nic is the right man for the job.”
